MENTAL HEALTH AWARENESS SEMINAR

Education department of Maa Bharti P.G. College organised a Mental Health Awareness Seminar. The seminar successfully fulfilled its aim within the academic as well as community aspect of the college.

The seminar took place on January 8th 2020 and we observed some great discussions on the prominent challenges in mental health within our society.

As a speaker in the program, the college invited the learned and most experienced psychiatrist ~~in~~ Kota, professor at the government medical college Kota, Dr. D.K. Sharma. He explained on the importance of staying stress free in the current times of extremely stressful environment. In order to understand the very basic idea of "stress management", he taught the students to understand the causes of stress and manage it accordingly with practical techniques.

Our second speaker, Dr. Arshi Abbasi spoke about "Emotional Intelligence and Mental Health". She explained the importance of staying stress free during examination. She gave insightful thoughts about the impact of EQ on achievement as compared to IQ. To achieve great success one must have emotional Intelligence too. Students actively asked questions during the talk from the speakers and indeed got to learn a lot.

The talk made sure we think about mental health more. It helped even the professors of the college also about the importance of emotional intelligence.

The seminar was a highly successful event, even the speakers appreciated the management and conduct of the seminar. We observed great engagement from the ~~the~~ students side and surely this event has taught them a lot about mental health and its importance.

We hope that such events will contribute to make mental health a priority within the teachers and the learners and will help in the better growth of the future of this nation.

A Report on Effective Communication skill for interviews

A lecture series was organized in the campus of Maa Bharti PG College on the topic “Effective Communication Skill for interviews”, for the students of final year, on 12th January 2023. In this program, JCI Kota achievers JC Priyanka agrawal and JC Namrita Joshi Delivered lectures of soft skills. JC Priyanka Agrawal told the students that communication skills trigger effective communication. With effective communication Skills people express their idea verbally or non-verbally resulting in clarity of the subject matter. Communication skills entail listening habits and speaking habits. Listening habits include note-taking, maintaining eye contact, gestures and facial expressions. Speaking skills include being audible, body movement and tone variation. Further, JC Namrita Joshi provided information about effective communication to pupils that for interview applicants should have a good physical touch, neatly dressed and should be presentable. They should be confident and should maintain eye contact with the interviewer. They should be audible; they should clearly express their ideas with the hiring committee.
